4. The following is an examiner's statement of reasons for allowance:

The arguments presented by the Applicant in the response filed January 19, 2010 are persuasive. Specifically, the Applicant points to the decision rendered by the Board of Patent Appeals and Interferences on September 25, 2009 on co-pending application 10/440,521. In said decision, the Examiner was reversed for having misconstrued the term 'business rule', which is also germane to the instant application. As the 'business rule' concept was the primary reason that the Examiner was reversed in the '521 case, it is held that the same concept is allowable in the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
